

## Management of Key Pests in Your Orchard

Four Days, Four Locations to Choose From  
8:30 - 11:00 A.M.

- **Ceres, April 22** Ceres Community Center  
2701 Fourth Street, Ceres, CA 95307
- **Chico/Orland, April 23** Butte County Farm Bureau,  
3688 Durham Dayton Hwy., Chico, CA 95928
- **Fresno, April 28** Fresno County Farm Bureau  
1274 W Hedges Ave, Fresno, CA 93728
- **Bakersfield, April 30** Kern Agriculture Pavilion  
3300 E. Belle Terrace, Bakersfield, CA 93307

Industry experts will share the latest research, management strategies, and practical insights on rodents, red leaf blotch, phytophthora, carpophilus beetle, and stinkbug/leaf-footed bug. This workshop is designed to help growers and industry professionals stay ahead of emerging issues and protect orchard health and productivity.
